**Nationality:** Palestinian (Autonomous Palestinian Territories) **Date of birth:** 28/04/2001 **Gender:** Male

 **Phone number:** (+970) 0592766534  **Email address:** [ananomar51@gmail.com](mailto:ananomar51@gmail.com)

 **LinkedIn:** [www.linkedin.com/in/anab-abu-tawahena-016010280](https://www.linkedin.com/in/anab-abu-tawahena-016010280)

 **Home:** Gaza \_der elbalah, 970 gaza (Autonomous Palestinian Territories)

## WORK EXPERIENCE

### Web developers

[ 01/2022 – Current ]

**City:** gaza | **Country:** Autonomous Palestinian Territories

#### Web Development

- Developed and maintained responsive websites using HTML, CSS, JavaScript, PHP, and Laravel, focusing on user experience and SEO optimization.

#### Back-End Development

- Created scalable back-end components with PHP Laravel and LiveWire, including RESTful APIs for seamless front-end and back-end communication.

#### Front-End Implementation

- Collaborated with design teams to build interactive user interfaces using JavaScript and LiveWire, ensuring device compatibility.

#### Database Management

- Designed and optimized MySQL databases for data integrity and retrieval efficiency, implementing security measures to protect sensitive information.

#### Custom Applications

- Developed tailored e-commerce platforms and content management systems (CMS), engaging with clients to meet specific business needs.

#### Collaboration

- Worked effectively within cross-functional teams to deliver projects on time, utilizing agile methodologies for effective communication.

#### Code Quality

- Wrote clean, modular code and conducted thorough testing to ensure seamless functionality and maintainability.

#### Performance Optimization

- Enhanced website performance and ensured cross-browser compatibility through optimization techniques.

#### Security

- Implemented security best practices to safeguard applications against vulnerabilities and ensure data protection.

#### Troubleshooting

- Identified and resolved technical issues promptly, conducting root cause analysis to prevent future occurrences.

#### Version Control

- Proficient in Git for version control, facilitating collaboration and tracking code changes efficiently.

#### Industry Trends

- Stayed updated with industry trends and integrated emerging technologies like LiveWire to enhance development practices.

#### Client Communication

- Gathered project requirements effectively and provided regular updates to align deliverables with client expectations.

#### Deployment Management

- Managed website deployment to servers, ensuring successful launches and providing post-deployment support.

#### API Development

- Developed and secured RESTful APIs, documenting endpoints for integration with front-end applications.

#### Third-Party Integration

- Integrated external APIs to enhance application functionality and managed API credentials securely.
